ACHIEVEMENTS

SKILLS

SUMMARY

Full Stack Engineer with 12+ years of experience developing and deploying scalable, high-quality web applications and APIs in cloud environments. Strong background in technology education and project management, with 1000+ graduates over 8 years in higher education.

EXPERIENCE

Artist Production & Management

📅 11/2011 - present

Freelance

📍 Madison, WI

- ✦ Designed, developed & maintained SEO-optimized websites for 12+ clients, implementing custom CMS solutions, API integrations that boosted user engagement and sales by an average of 20%.
- ✦ Technical Director for Steel Bridge SongFest (2007-2021), managing live, studio and broadcast productions, marketing content and a website with a built-in radio station showcasing its songs.
- ✦ Co-produced 31 episodes of "Crusty Adventures", a travel mockumentary series showcasing life as a touring musician.

Stage Manager and Monitor Engineer

📅 11/2017 - 02/2022

LANCO Music (Band)

📍 Nashville, TN

- ✦ Worked directly with artist and tour management to organize support for A-list touring acts such as Luke Combs, Dierks Bentley, Miranda Lambert and Brothers Osborne.
- ✦ Designed, built and operated a redundant backing track system and its MIDI control network, improving stage operations and preventing dropouts during performances.
- ✦ Managed stage and monitors for over 400 shows internationally, ranging from mid-sized clubs to A-list arena tours, fairs and large festivals including Stagecoach and C2C.
